

Yealink SIP-T73U

Multifunctional Business Phone – 2.8” Color Display, HD Audio & Secure Linux OS

The Yealink SIP-T73U is an all-in-one business phone that combines excellent voice communication with extended functionality. Featuring a 2.8” color display with backlight, it supports up to 12 SIP accounts and delivers exceptional HD audio quality through Yealink’s Optima HD Voice technology and Acoustic Shield noise suppression. Built on Linux 6.1 with TEE hardware encryption, the T73U ensures enterprise-grade security while offering advanced customization with up to 40 programmable keys and compatibility with color-screen expansion modules. Its USB port enables headset connectivity, call recording, and expansion module support, making it a versatile choice for modern business environments.

Key Features and Benefits:

- 2.8” color display with backlight for clear visibility in any lighting condition.
- Optima HD Voice & Acoustic Shield for superior call clarity.
- Supports up to 12 SIP accounts with PoE for flexible deployment.
- USB 2.0 port for headset connection, USB recording, or expansion module.
- Expandable up to 3 color-screen modules (up to 234 programmable keys).
- Advanced security with TLS1.3, SRTP, AES256 encryption, and TEE hardware protection.
- Broad compatibility with leading SIP platforms like 3CX, Broadsoft, and Broadworks.
- Wall mountable or desk stand with 2 adjustable viewing angles.

Yealink SIP-T73W

Multifunctional Business Phone – 2.8” Color Display, Wi-Fi 6 & Bluetooth 5.0

The Yealink SIP-T73W is a feature-rich business phone designed for exceptional voice communications and advanced functionality. It features a 2.8” color display with backlight, supports up to 12 SIP accounts, and delivers superior HD audio quality through Yealink’s Optima HD Voice and Acoustic Shield noise suppression technologies. Equipped with built-in Bluetooth 5.0 and dual-band Wi-Fi 6, the T73W ensures seamless connectivity in modern workspaces. Its USB port allows headset connectivity, USB call recording, and expansion module support. Built on Linux 6.1 with TEE hardware encryption, the T73W offers enterprise-level security while supporting up to 40 programmable keys and compatibility with up to 3 color-screen expansion modules.

Key Features and Benefits:

- 2.8” color display with backlight for easy viewing in any environment.
- Optima HD Voice & Acoustic Shield for crystal-clear audio.
- Built-in dual-band Wi-Fi 6 (2.4/5 GHz) and Bluetooth 5.0 for future-proof connectivity.
- Supports up to 12 SIP accounts and PoE for deployment flexibility.
- USB 2.0 port for headset connection, USB recording, or expansion module.
- Expandable with up to 3 color-screen modules (up to 234 programmable keys).
- Advanced security with TLS1.3, SRTP, AES256 encryption, and TEE hardware protection.
- Wall mountable or desk stand with 2 adjustable viewing angles.

Yealink SIP-T74U

High-End Business Phone – 4.3” Color Display, HD Audio & Secure Linux OS

The Yealink SIP-T74U is a high-end business phone tailored for executives and professionals, combining elegant design with powerful functionality. It features a 4.3” color display, supports up to 16 SIP accounts, and delivers superior HD audio through Yealink’s Optima HD Voice and Acoustic Shield noise suppression technologies. Built on Linux 6.1 with TEE hardware encryption, the T74U ensures enterprise-grade security, while offering up to 50 programmable keys and compatibility with up to 3 color-screen expansion modules. Its USB port allows headset connectivity, USB recording, and expansion options, making it a versatile solution for advanced communication needs.

Key Features and Benefits:

- 4.3” color display for enhanced visual clarity and user experience.
- Optima HD Voice & Acoustic Shield for superior call quality.
- Supports up to 16 SIP accounts and PoE for flexible deployment.
- USB 2.0 port for headset connection, USB recording, or expansion modules.
- Expandable with up to 3 color-screen modules (up to 234 programmable keys).
- Advanced security with SRTP/TLS, AES256 encryption, and TEE hardware protection.
- Compatible with leading SIP platforms for seamless integration.
- Wall mountable or desk stand with 2 adjustable angles.

Yealink SIP-T74W

High-End Business Phone – 4.3” Color Display, Wi-Fi 6 & Bluetooth 5.0

The Yealink SIP-T74W is a high-end business phone designed for managers and professionals, combining sleek design with advanced features. It offers a 4.3” color display, supports up to 16 SIP accounts, and delivers superior HD audio using Yealink’s Optima HD Voice and Acoustic Shield noise suppression technologies. Equipped with built-in Bluetooth 5.0 and dual-band Wi-Fi 6, the T74W provides future-ready wireless connectivity. Its USB port allows for headset connection, USB call recording, and expansion module support. Built on Linux 6.1 with TEE hardware encryption, it offers robust security while supporting up to 50 programmable keys and compatibility with up to 3 color-screen expansion modules.

Key Features and Benefits:

- 4.3” color display for clear and vibrant visuals.
- Optima HD Voice & Acoustic Shield for crystal-clear call quality.
- Built-in dual-band Wi-Fi 6 (2.4/5 GHz) and Bluetooth 5.0 for seamless wireless connectivity.
- Supports up to 16 SIP accounts and PoE for flexible deployments.
- USB 2.0 port for headset connection, USB recording, or expansion module.
- Expandable with up to 3 color-screen modules (up to 234 programmable keys).
- Advanced security with SRTP/TLS, AES256 encryption, and TEE hardware protection.
- Wall mountable or desk stand with 2 adjustable angles.

Yealink SIP-T77U

Revolutionary Business Phone – 7” Touch Display, Dual USB & HD Audio

The Yealink SIP-T77U is a premium business phone designed for executives and professionals, offering a large 7” touch display for intuitive navigation and easy access to applications. It supports up to 16 SIP accounts and delivers exceptional HD audio quality with Yealink’s Optima HD Voice and AI-powered Acoustic Shield noise cancellation. With dual USB ports, the T77U enables Bluetooth, Wi-Fi, USB headset connectivity, and USB call recording—allowing any two to be used simultaneously. Built on Linux 6.1 with TEE hardware encryption, it provides enterprise-grade security and supports up to 84 programmable DSS keys, making it a versatile and powerful communication tool.

Key Features and Benefits:

- 7” color touch display (800x480) for a rich and intuitive user experience.
- Optima HD Voice & AI Noise Cancellation for crystal-clear audio.
- Dual USB ports supporting Bluetooth, Wi-Fi, headsets, and call recording.
- Supports up to 16 SIP accounts and PoE for flexible deployments.
- Expandable with up to 3 color-screen modules (up to 234 programmable keys).
- Advanced security with SRTP/TLS, AES256 encryption, and TEE hardware protection.
- Broad compatibility with leading SIP platforms like 3CX and Broadsoft.
- Wall mountable or desk stand with 2 adjustable angles.

Yealink SIP-T85W

Ultra Prime Business Phone – 5.5” Color Display, Wi-Fi 6 & Bluetooth 5.0

Designed for busy executives and professionals, the Yealink SIP-T85W delivers a superior communication experience with its adjustable 5.5” color LCD display, HD audio enhanced by AI noise cancellation, and advanced connectivity featuring dual-band Wi-Fi 6 and Bluetooth 5.0. Powered by Linux 6.1 with TEE hardware encryption, it ensures maximum security, while offering extensive customization options and support for up to 16 SIP accounts—making it the ideal solution for corporate environments that demand productivity, security, and flexibility.

Key Features and Benefits:

- Adjustable 5.5” color touchscreen for comfortable viewing and intuitive navigation.
- Optima HD Voice & Acoustic Shield with AI noise cancellation for crystal-clear calls.
- Built-in dual-band Wi-Fi 6 (2.4/5 GHz) and Bluetooth 5.0 for maximum connectivity.
- Supports up to 16 SIP accounts and PoE for flexible deployment.
- Compatible with color-screen expansion modules (up to 3 units, 234 programmable keys).
- Advanced security with SRTP/TLS, multiple authentication methods, and AES256 encryption.
- USB-A and USB-C ports for headsets, USB recording, or Yealink speakerphones.
- Desktop or wall mountable to fit your installation needs.

Yealink SIP-T87W

Ultra Prime Business Phone – 7” Multi-Touch Display, Wi-Fi 6 & Bluetooth 5.0

The Yealink SIP-T87W is designed for busy executives and professionals seeking a premium communication experience. Featuring a large, adjustable 7-inch capacitive multi-touch display, it delivers a smartphone-like interface for effortless navigation. Equipped with Optima HD Voice, Acoustic Shield technology, and AI noise cancellation, it ensures crystal-clear audio in any environment. Built-in dual-band Wi-Fi 6 and Bluetooth 5.0 provide cutting-edge connectivity, while Linux 6.1 with TEE hardware encryption guarantees enterprise-grade security. Supporting up to 16 SIP accounts, expansion modules, and a variety of USB peripherals, the T87W combines power, flexibility, and style for the modern workplace.

Key Features and Benefits:

- Adjustable 7” capacitive multi-touch display for a smartphone-like user experience.
- Optima HD Voice & Acoustic Shield with AI noise cancellation for superior call clarity.
- Built-in dual-band Wi-Fi 6 (2.4/5 GHz) and Bluetooth 5.0 for future-proof connectivity.
- Supports up to 16 SIP accounts and PoE for flexible deployments.
- Expandable with up to 3 color-screen modules (up to 234 programmable keys).
- Advanced security with SRTP/TLS, AES256 encryption, and TEE hardware protection.
- Dual USB-A and USB-C ports for headsets, USB recording, and Yealink speakerphones.
- Desktop or wall mountable for versatile installation.

Yealink SIP-T88W

Premium Android Business Phone – 7” Touch Display, Wi-Fi 6 & Bluetooth 5.0

The Yealink SIP-T88W is a high-performance Android business phone designed for modern professionals. Featuring a 7” adjustable touch display and powered by Android 13, it delivers a smartphone-like interface with enhanced productivity tools. Built-in dual-band Wi-Fi 6 and Bluetooth 5.0 ensure seamless wireless connectivity, while HD audio with Noise Proof technology provides crystal-clear voice quality. The T88W supports up to 16 SIP accounts, dual USB ports, Gigabit Ethernet with PoE, and compatibility with up to 3 EXP55 color-screen expansion modules, making it a flexible and future-proof communication device.

Key Features and Benefits:

- 7” color touch display for an intuitive and vivid user experience.
- Android 13 OS for enhanced productivity and application support.
- HD Audio & Noise Proof for crystal-clear voice quality.
- Built-in dual-band Wi-Fi 6 (2.4/5 GHz) and Bluetooth 5.0 for future-proof connectivity.
- Supports up to 16 SIP accounts with PoE for flexible deployments.
- Dual USB ports for headsets, call recording, or expansion modules.
- Expandable with up to 3 EXP55 modules (up to 234 programmable keys).
- Advanced security with encryption and enterprise-grade protection.

Yealink SIP-T88W Pro

Premium Android Business Phone – 7” Touch Display, Wi-Fi 6, Bluetooth 5.0 & Wireless Handset

The Yealink SIP-T88W Pro builds on the features of the T88W, adding a premium wireless Bluetooth handset for improved mobility within the office. It offers a 7” touch display, Android 13 OS, HD audio with Noise Proof, dual-band Wi-Fi 6, Bluetooth 5.0, and up to 16 SIP accounts. Dual USB ports allow connectivity for headsets, call recording, or expansion modules. Perfect for executives who need both advanced deskphone features and freedom of movement.

Key Features and Benefits:

- Wireless Bluetooth handset for improved in-office mobility.
- 7” color touch display with intuitive navigation.
- Android 13 OS with productivity and communication apps.
- HD Audio & Noise Proof for superior call clarity.
- Dual-band Wi-Fi 6 and Bluetooth 5.0 built-in.
- Up to 16 SIP accounts, PoE, and Gigabit Ethernet.
- Dual USB ports for peripherals and recording.
- Expandable with up to 3 EXP55 modules.

Yealink SIP-T88V Pro

Premium Video-Ready Android Business Phone – 7” Touch Display, Wi-Fi 6, Bluetooth 5.0 & Wireless Handset

The Yealink SIP-T88V Pro is a premium Android business phone with video capability, designed for high-level executives. It features a 7” adjustable touch display, Android 13 OS, and an included wireless Bluetooth handset. Equipped with HD audio, Noise Proof technology, dual-band Wi-Fi 6, Bluetooth 5.0, and video conferencing support via an optional camera, it delivers a complete communication experience. Dual USB ports and expansion module compatibility provide scalability for demanding work environments.

Key Features and Benefits:

- Video-ready with optional camera for conferencing.
- Wireless Bluetooth handset for mobility and convenience.
- 7” adjustable color touch display running Android 13.
- HD Audio & Noise Proof for exceptional sound quality.
- Dual-band Wi-Fi 6 and Bluetooth 5.0 built-in.
- Up to 16 SIP accounts, PoE, and Gigabit Ethernet.
- Dual USB ports for headsets, recording, and peripherals.
- Supports up to 3 EXP55 expansion modules.

Yealink SIP-T88V

Premium Android Business Phone – 7” Touch Display, Wi-Fi 6 & Bluetooth 5.0

The Yealink SIP-T88V is an advanced Android business phone with a 7” adjustable touch display and HD audio performance. It offers Android 13 OS, dual-band Wi-Fi 6, Bluetooth 5.0, and up to 16 SIP accounts. While similar to the T88V Pro, this version does not include a wireless Bluetooth handset by default, making it ideal for users who prefer a traditional wired handset setup while still enjoying the latest connectivity and performance.

Key Features and Benefits:

- 7” adjustable color touch display with Android 13 OS.
- HD Audio & Noise Proof for clear communications.
- Dual-band Wi-Fi 6 and Bluetooth 5.0 integrated.
- Supports up to 16 SIP accounts and PoE.
- Dual USB ports for accessories and expansion.
- Expandable with up to 3 EXP55 modules.
- Optional camera for video capability.
